CAMERON NOMINATED FOR THE U. S. SENATE.

The exciting contest over the Senatorship in Pennsylvania has at length been brought to a close and has resulted in a decided victory for Simon Cameron. Elsewhere will be found the vote in the caucus meeting. It will be perceived that Mr. Curtin only received one-half the votes awarded to his formidable rival, while Messrs. Stevens and Grow were decidedly in the minority. The result was not unexpected. The protest against Cameron's election issued by Forney, Moorhead, Mann and other distinguished politicians of the State, of which we are advised by our special telegrams, must have been addressed to the caucus. It to the Legislature the battle may not yet be considered as at an end.

In the caucus all the Republican members participated with the exception of two Senators from Lancaster county. The nomination of Cameron was made unanimous by the caucus, and beyond all probability the old statesman will be elected as the successor of the renegade Cowan to the United States Senate.

Both branches of Congress have passed a resolution convening the Fortieth Congress on the 4th day of next March, or upon the day of the adjournment of the present body.

TELEGRAPHIC SUMMARY.

General Grant has directed the Superintendent of the Mounted Recruiting Service at Carlisle Barracks, to forward recruits to Fort Leavenworth, Kansas, for the Seventh United States Cavalry.

The contest for the Illinois Senatorship is very spirited, between Senator Trumbull and General Palmer. The caucus will be held next Monday. It is stated that the friends of Trumbull favored an earlier day. The postponement is considered a victory by Palmer's friends.

The war on railroads, in the Illinois Legislature, bids fair to be rather sweeping in its character. The House has adopted a resolution instructing the Committee on railroads to inquire into the power of the Legislature to control the railroad corporations of the State by direct legislation, and to secure private citizens from inordinate and extortionate demands.

The Virginia Legislature rejected the Constitutional Amendment yesterday.

The Legislature of Indiana met yesterday morning. The Republicans having a clear majority, both branches organized immediately, by the election of Hon. D. C. Branham, Speaker, and Cyrus L. Nixon Clerk of the House; Major O. M. Wilson principal, and Gen. Tom. Brown, Assistant Secretaries of the Senate. The Governor's message will be delivered to-day.

A New Orleans telegram states that General Castleman and Maximilian have arrived at a secret understanding which does not unfavorably effect a formal restoration of Juarez to the Presidency by the middle of February. A dispatch says that arrangements are made to have all the colored troops soon out of Louisiana.

Justice Wilson, an old and highly esteemed citizen of Cincinnati, formerly of the firm of Wilson, Eggleston & Co., died yesterday morning.

The Painters' National Union met at Buffalo on Wednesday. James Bourke, of New York, was chosen President, and W. O. Creney, of Baltimore, Secretary *pro tem.* Delegates were present from Chicago, Milwaukee, Philadelphia and other places.

A New Orleans telegram says the revenue cutter McCullough has been ordered to Havana to await sealed orders. Her mission is thought to be connected with Assistant Secretary Seward's mission.

Governor Wells, of Louisiana, recommends the employment of penitentiary convicts in constructing railroads and other public works in that State.

The Kansas House of Representatives, yesterday, by a vote of 75 to 7, ratified the Constitutional Amendment. It will pass the Senate to-day.

Senator Pomeroy, of Kansas, is meeting with considerable opposition in his efforts to secure a re-election; but it is believed he will pull through.

The Wisconsin Legislature convened on Wednesday, at Madison. Governor Fairchild's message says the finances of the State are in a good condition. The State expended twelve millions of dollars for war purposes during the rebellion. The Governor urges the adoption of the Constitutional Amendment.

The Assembly of New York has ratified the Constitutional Amendment. Yeas 70, nays 35.

In the Missouri Legislature, yesterday, Mr. Busick, representative, offered the resolution of General Loan, member of Congress, recommending the impeachment of Andrew Johnson. It was made the special order for Monday next. The motion to table it was defeated by 14 majority.

We have something from Mexico about Canalos, Ortega, Mejia, Escobedo, Berrizobal and the rest of them; but it is certain to be contradicted to-day.

The Iron Moulders' Union, which has been in session in Boston for the past ten days, elected for President, William H. Tyler, of Nashville, Tennessee. The Union is composed of delegates from all parts of the United States, and its session has been devoted to the discussion of subjects of interest to this particular branch of trade. It has taken quite strong grounds against strikes.

In the Maryland Legislature, the bill enfranchising citizens heretofore disqualified by alleged participation in the rebellion, has been passed to a second reading, and will no doubt pass the House to-day.

THE MEXICAN EMBROILMENT.

Whenever a people become so deficient in wisdom or energy, or both, as to allow their political institutions to fall with anarchy, they invite dangerous conspiracies from within and the most formidable assaults from without. Her internal and external enemies are not likely to own in plain terms that their real object is to spoliate the weak and distracted, and to aggrandize themselves. They are much more likely to make loud and elaborate professions of having wrongs to be redressed or of being actuated by considerations of enlarged benevolence. When the United States coveted a larger slice of Mexican territory than the annexation of Texas warranted a fraudulent pretense of boundary was raised. By the stroke of a pen, against right and decency, the line of the Rio Grande was claimed, and the the national troops ordered to defend, was once entered upon, all the rest was easy. So when France, moved by a desire to injure the United States, resolved to establish an imperial government in Mexico, a claim for indemnity was brought forward. To enforce it the territory of the republic was seized, and terms dictated at the cannon's mouth. This scheme did not operate as well as its prototype. Our rebellion, which was an important factor in the calculation, did not end as was contemplated. The Mexicans were found to be more hopelessly debauched and degraded than was believed. Loss followed loss, and disaster upon disaster, until an entire change of purposes and plans became necessary. This constrained new professions and commitments. Meanwhile the government at Washington became inoculated both with envy and ambition, and entered upon a series of duplicities that seems interminable, and so profound that no man outside the State Department can predict to what depths it may be carried. At times cringing and abject; at others impudent and aggressive, the contradictions expressed are well illustrated by the flourish with which Lieutenant General SHERMAN and Ambassador CAMPBELL set out on their mission, and the ignominy of their return.

How many supplemental acts of unveracity are to be added to this performance, which is now tragedy, and anon comedy, does not distinctly appear; but the fertility of shameful invention which has marked the principal actors so far, gives no sign of exhaustion. They appear fully capable of continuing their efforts so long as breath shall remain in their bodies. How many sinister schemes of pecuniary speculation and personal aggrandizement are concealed under these various and conflicting professions, people will conjecture, though they may not be able definitely to determine. Mr. SEWARD's friends complain that so far as interested and selfish motives have been attributed to him, he has been subjected to great injustice, but they forget or put aside the fact that his course throughout has been such as to inspire distrust. He has neither been consistent, nor open, nor disinterested. This may be in part owing to that innate weakness which leads him endeavor to accomplish by indirection what could better and more certainly be done in a frank and manly way; in part to contempt of the popular instincts, which constantly prompts him to assign reasons which have no force or pertinacy, but only a certain extrinsic speciousness, and impart to that egotism which renders him apt to claim a prophetic gift in the face of repeated and dismal discomfitures, and the incredulity of the civilized world.

The people of this country want to know what the Mexican embroilment really means; so far as they are involved in it or are likely to become involved. They have no idea of being forced into vast expenditures—perhaps, in war itself—to promote the financial speculations of men in high places. It would be cheaper and quite as honorable, for men holding eminent places in the government, to declare how many millions will content them, and, taking the same out of the Treasury in the face of the sun, put it into their pockets and make off.

If the Mexicans cannot so manage their own affairs as to get on respectably, that would seem to be a strong reason why we should let them alone. When a people have became so debased that they cannot maintain a decent government, all virtue has so well nigh gone out of them as to make their case hopeless. Besides, we have several unpleasant affairs of our own to adjust, which seem to require all the sense and strength we have to devote to that class of enterprises. When we have rebuilt our own walls, and made good our defences against new calamities, it will be time enough, if ever, to go forth in Quixotic pursuit of endless and tedious perplexities broad.

CONFIRMATIONS, REMOVALS, AND APPOINTMENTS.

A recent letter from Washington says: "It is understood to be the fixed determination of the Senate not to confirm any nominations made by the President to fill vacancies that may have happened during the recess, when such vacancies have been caused to happen by his removing the incumbents, over the heads of, and against the direct remonstrances of the loyal Union members of Congress of the several districts where such vacancies have been thus made." This is but right and proper, and is a mark of respect to the popular branch of the National Legislature which it well merits. Nay, since the late elections it may truly be considered as a respectful recognition of, and acquiescence to the popular will. Never in the history of our Government has a Congress been so significantly sustained, and its policy endorsed, as has the last Congress. This has been made patent by the return of nearly all the Republican members of the Thirty-ninth to the Fortieth Congress. Their acts have been approved by appreciative and intelligent constituents, whilst at the same time the encroachments of a corrupt Executive, and his abuses of power and patronage have been most signally rebuked, it would be well if he could profit by this lesson, given by that power to which he professes to differ—the popular voice.

It is not a little amusing to read the last veto, especially where he assigns as reasons *inter alia* for his objections to the bill, that the popular voice both of Washington and Georgetown as expressed at the elections held some time since, was adverse to negro suffrage. Was the popular voice as expressed in the recent elections in favor the Constitutional policy or of *my policy*? No one will be fool hardy enough to say that the results of the late elections should or could be taken as an endorsement of the latter, taen why not gracefully acquiesce and support earnestly the former. Or are we to understand that bowing to the popular will, signifies, in the Executive diction ary, acquiescence only if it conforms to my views and policy." It is arrogance most unblushing for an Executive to set up his opinion and try to enforce it in opposition to over one hundred and seventy intelligent and faithful legislators—it is autocratic to still adhere to it in direct opposition to the voice and vote of the people. Happy it is for the country that we have a Congress and Senate who dare and will do right in despite of Executive power and patronage, Fortunate it is for our national life and liberty that an overwhelming public sentiment has entrusted them to the keeping of so many true and tried men.

EDITORIAL BREVITIES.

In the Supreme Court of the United States an interesting decision has just been made where the question presented was whether the amount of the capital stock of a national bank, invested in national securities, was liable to State taxation, or whether that amount could be deducted before taxation. The Court of Appeals of New York held that no deduction could be made on account of the investment of the stock of the bank in such securities, and this Court affirm that judgment, Mr. Justice Nelson delivering the opinion.

CONSUMPTION.—This Scourge of humanity, borne of civilization, with despotic sway has insinuated itself into all classes, grades and conditions of life. Neither are the rich or rank exempt from its ravages. Its lay hand falls alike upon youthful innocence and hoary age. Some of the prominent symptoms are Cough, Expectoration, Shortness of Breath, Irritation about the Lungs and Chest, Darting Pains in the Side and Back, Emaciation, and a general nervous condition of the whole system. It is authentically stated that one-fifth of the inhabitants of this country are victims of Consumption. No disease has been more thoroughly studied, and its nature less understood; there is no disease upon which exists a greater diversity of opinion, and no disease which has more completely baffled all medical skill and remedial agencies. Persons suffering from this dread disease or any of its concomitants, should lose no time in possessing themselves of the proper Remedy, in order that they may stay its ravages, and be restored to health.

The Rev. EDWARD A. WILSON'S PREPARED PREPARATION for the cure of Consumption, Asthma, Bronchitis, Coughs Colds, and all Throat and Lung Affections, has been many years in the most successful use. The remedy, prepared under Mr. Wilson's personal supervision, with a pamphlet, containing the original prescription with full and explicit directions for preparation and use, together with a short history of his case, may be obtained of JOSEPH FLEMING, 84 Market street, Pittsburgh, Pa., sent by mail anywhere on receipt of $1 25. Pamphlet mailed free of charge. ja10:TFS

THE TRUTH ABOUT DYSPEPSIA.—Whoever says that Dyspepsia is incurable, tells a—that is to say, makes an egregious mistake. More than ten thousand aggravated cases have been cured by HOSTETTER'S STOMACH BITTERS, while the number that have been prevented from coming to a head, by the same means, is incalculable. In Winter and early Spring, when the appetite is sometimes too vigorous for the comfort and safety of the stomach, indigestion is most prevalent and most distressing. Is the appetite to be balked to accommodate the digestive organs? Not so; for then the frame would lack its due proportion of nutriment. The thing to be done is to STRENGTHEN THE STOMACH, tone the liver, and put the bowels in perfect order. Nothing will do this so effectually, so rapidly, so quietly so pleasantly, as HOSTETTER'S BITTERS. This potent preparation trims and balances the system, and clothes it, as it were, with defensive armor. Chronic dyspepsia, liver complaint, and fever and ague are never known to attack those who are wise enough to invoke the aid of this great preventive.

The Pittsburgh Gazette.

FRIDAY, JAN. 11, 1867.

CITY AND NEIGHBORHOOD.

(ADDITIONAL LOCAL NEWS ON FIRST PAGE.)

GAZETTE ENLARGEMENT.

The great amount of advertising awarded the GAZETTE by the business community has forced upon us the urgent necessity of an enlargement of the size of our journal. We at first contemplated issuing a quarto paper, but upon consultation with the proprietors of such journals elsewhere we were dissuaded from adopting that form, feeling that the interests of our advertisers would suffer, while readers would be but slightly benefited. After much study into the matter we have concluded to retain the present form of the GAZETTE, but will add four columns to its size, making twenty-six columns of space. By this arrangement we will be enabled to do full justice to both readers and advertisers, making all pages of our journal equally valuable to the latter, and furnishing more reading matter to the former. In our new size we shall make our bow to the public about the 15th inst., and trust the general community will appreciate our efforts to supply a first-class advertising medium and local and political newspaper.

A Divorce Gone to Waste.

The Beaver *Argus* narrates the following story: On the first day of January, 1820, in the county of Beaver and State of Pennsylvania, Azariah Wood and Polly —— gave themselves to each other for New Year's gifts—for better or worse—for all time to come. In the course of true love they removed to New Garden, Ohio, where they continued to live together until some time in February, 1865. On the 25th of March, 1865, Mr. Wood filed a petition for divorce in the Court of Common Pleas of Columbiana county, alleging that his wife, Polly, had been guilty of extreme cruelty toward him in February preceding, and also that she had been guilty of gross neglect of duty for three years. Polly at that time appeared to have been living in Portage county, and Azariah brought her into court by publication in a newspaper. The case came on for trial at the May term, and a decree of divorce was granted, investing Azariah with all the rights, privileges, appurtenances and hereditaments of a single man. The proof was simple. Polly had run off with a butcher knife, and had maltreated him in divers and sundry ways, and unbecoming the loving creature of a devoted wife. When Azariah was loosened from the *disecte wemoni*, we had supposed, let fate do her worst, he would not again put on the manacles. But in matrimony he is widowed twice, once for a year and a half, and then, with the world to choose from, with as good fish to bait as ever were caught, he recounted Polly, recounted his wrongs, forgot—forgave—recounted, and is again living happily with the first chosen of his heart.

Another Depot Robbery.

From the Mansfield *Herald* we clip the following: On New Years night, Mr. H. W. Garnsey, Agent of the Sandusky, Mansfield and Newark Railroad, was knocked down and robbed, at the Junction depot in this place. He was attacked by two men, one of whom caught him by the throat, and choked him severely, while the other struck him on the head with some hard substance and knocked him down. He was then relieved of his pocket-book, containing eight hundred and forty dollars. This is one of the boldest robberies we have heard of, taking place as it did, in the early part of the evening, and in so public a place. We hope every effort will be made to arrest the villains who perpetrated this outrage. There is a set of thieves and confidence men who have been infesting the railroad stations for some time past, and notwithstanding several of them are known and have long been under suspicion, no evidence sufficient to warrant their arrest, can be obtained, and they are allowed to go on in their evil doing. It is due to the reputation of our city that a vigorous effort be put forth for the arrest of the rascals who assaulted Mr. Garney, and a proper example made of them.

Assaulted.

We learn from the *Journal* that Mr. George W. Wolf, constable of Mercersburg, was severely injured on Monday night, by being struck on the temple with a mallet in the hands of Thomas Hafely. It appears that Hafely, who keeps a saloon in that place, had a difficulty with William P. McCune, and ordered him out of the saloon. Immedia ely after tuis a stone was thrown through one of the windows of the saloon, when Hafely, supposing the stone to have been thrown by McCune, seizing a mallet, rushed out and struck him, rendering him for a short time insensible. About this time Mr. Wolfe made his appearance, and in a friendly manner told Hafely that he thought he was wrong, when Hafely turned about and struck him on the temple, rendering him insensible and injuring him severely. He was removed to a neighboring house, medical assistance called in, and at last accounts was recovering slowly.

Villainous Work.

We have just learned the particulars, says the Waynesboro' *Record*, of an outrage perpetrated upon Mr. Jacob Hess, living near State Line in this county, which for villainy and meanness is almost without parallel. It appears some unknown person or persons visited his young orchard one night last week and cut down all his fruit trees, seventy in number, which were just beginning to bear. His corn crib was also broken open and his corn thus emptied on the public road. On the top board of one of his gates was written: "This is not the worst." We are not acquainted with Mr. Hikes, but understand he is a peaceable citizen. It would certainly be hard for rightful, to visit a punishment upon so outrage so unwarranted, and we trust for the sake of the community at large that justice may yet overtake the perpetrators of the crime.

Fatal Accident.

The Hollidaysburg *Register* says: On Wednesday morning last, about half past six o'clock, Godfrey Farbaugh, of this place, was so seriously injured, as to cause his death on the railroad on the Allegheny mountain, when he was knocked down by a passing locomotive. Falling against a locomotive on the adjoining track, his left leg was broken in three places, and one of his hands badly mutilated. He was brought home on Wednesday evening, and on Thursday afternoon his leg was amputated. He expired a few hours after the amputation. He was forty years and a few months old. His funeral, on Sunday afternoon, was attended by the Allegheny and Juniata Fire Companies and a vast concourse of citizens.

Arrest of a Supposed Incendiary.

The York *Gazette* says:—On Wednesday evening last, between eight and nine o'clock, the barn and contents belonging to Mr. Daniel Emery, in Springfield township, this county, were destroyed by fire. There was an insurance of five hundred dollars upon the barn, in the Metropolitan, of New York, which, however, will not cover the loss by considerable. Circumstances tending to fasten the incendiarism upon Zachorias Stover, residing in Seven valley, T. K. White, Esq., the company's agent, immediately issued a warrant and had Stover arrested by officer Zorger, and committed to jail. We need only add that nothing will be left undone to punish the guilty party by the Metropolitan Company.

A Railroad Death.—From the York *Gazette* we take the following: A man named Joseph Walker, a resident of this borough, was killed on Saturday evening last, being run over by a coal train south near Emigsville. The deceased was a track watchman and must either have fallen asleep on the track, or, being hard of hearing, was not aware of the approach of the train. A leg and arm were cut off, besides which he received many injuries. He was picked up by the succeeding train, and brought to this borough, where a Coroner's jury found a verdict in accordance with the above facts. The deceased was a member of Humane Lodge of Odd Fellows, and leaves a considerable family.

How it is Decided.—We learn from an exchange that the Dauphin county court has decided that the City Council of Harrisburg has no right to appropriate money to entertain the President and suit at the expense of the tax payers of Harrisburg. Our readers will remember that this question was brought before the court at the instance of Messrs. Geo. Kunkel and Geo. Bergner, tax payers of Harrisburg, who protested against the payment of bills contracted by the city council whilst the President was "swinging round the circle in that city." The court decided that the City Council had no right to expend the money of the tax payers for suppers and liquor.

Great Hugging.—The Columbus *Journal* gets off the following affectionate item concerning a large job of embracing:—"At a recent re-union of the family of Mr. J. Stutts, of Cleveland, on New Year's day, there were 50 persons present, embracing Mr. S. and his wife and descendants. The united ages of the family amount to 662 years. The old couple have been married 64 years. The most remarkable thing, perhaps, in their history is, that there never has been a death in the family.

Accident at Crestline.—A young man named Eddie Edwards, of Crestline, on Saturday week was severely injured by being knocked down and run over by a train of cars, which bucket down upon a track on which he was standing, and came on him unawares. One arm was taken off, and he was badly hurt about the head. At last accounts there was every prospect of his recovery, although at first it was thought his injuries would be fatal.

Pardoned.—Nicholas Riley, who killed James R. Crawford in D. Watson & Co.'s store, in Gaysport, Blair country, on October 16th, 1865, and was sentenced to six years' imprisonment in the Western Penitentiary, by the January Court, 1866, has been pardoned by Governor Curtin. The petition for pardon was signed by the father of the murdered boy, and nearly all the prominent citizens of the town. Riley arrived at home last week.

Grand Result of Robbing a College.—The Reading *Dispatch* says: The People's Business College, on the corner of Fifth and Washington streets was burglariously entered last night, by some thief or thieves, and a desk broken open, from which was stolen the enormous sum of *forty cents*. The thief left the premises, no doubt thoroughly disgusted with the poverty of the place.

A New Sensation for the "Fancy."—A "Skunk Fight" is the newest thing proposed by the "fancy" of Indianapolis. The project proves that Indianapolis is not the place it should be, for such a fight would be in bad order in any well regulated community.

A Peripatetic Postoffice Robber Arrested in Pittsburgh.

Something over a year ago, the Postoffice of St. Clair City, Michigan, was entered and robbed of $150 in money, George Lutz, Chas. Solus, and Oscar E. Hill were arrested for the crime, and convicted. Before being sentenced, young Lutz cut his way out of jail and made good his escape. Since then nothing has been heard of him until Wednesday, when he turned up in Pittsburgh. Diligent search has been made for him, and rewards for his apprehension offered, and descriptions of him forwarded to the various cities. On Wednesday he made his appearance in this city, and very promptly fell into the hands of Alderman Strain. The prisoner was lodged in jail until yesterday afternoon at two o'clock, when, in company with officer Seth Wilmot he left for St. Clair City. He is a youth of about twenty years and has none of the appearance of a hardened criminal. Probably the robbery of the Postoffice was his first essay in the art of stealing. Before leaving the city he wrote and subscribed to the following sworn statement concerning his crime and his subsequent peregrinations:

Allegheny County, Pittsburgh, Penn'a: I George Lutz, late of St. Clair County, State of Michigan, make this voluntary statement, having been previously examined by said Alderman. My name is George Lutz, and I make this statement in order that justice may be done, and although I am aware that I shall have to suffer the penalty of my crime.

I was charged with the crime of burglary in entering the Postoffice in St. Clair City, County of St. Clair, and State of Michigan, on or about the first day of January, 1866, along with two other persons named respectfully Chas. Solus and Oscar E. Hill. We were apprehended and confined in the County Jail of said County. Information was made and we were duly tried and convicted, having plead guilty. I was reminded for seventeen years. In the meantime mys lf and another man escaped about two months subsequently, by cutting through the floor, (the floor being blank,) and slipped through the joists and gained my liberty, together with the other man mentioned, whose name I have forgotten.

After our escape we started for Canada. We arrived at a place in Canada, about six miles above St. Clair, having crossed the river into the woods. We struck across the country until we struck the Great Western Railroad, and proceeded until we reached Sorcmo, whence we went on to Delaware, and there my companion left me. What he went to I don't know. I there went to work for a farmer; his name was Howard; and I worked for him about a month and a half. From there I went to Port Laramac, opposite Huron. From thence I went down to Detroit, and from thence to Pittsburgh, by way of Sidney, Ohio; thence to Crestline. I got on the cars at Crestline and proceeded straight on to Pittsburgh. I had about fifty dollars. I stopped at the St. Cloud hotel and registered my name as George Loomis. I then went to Connellsville, in Fayette county. I remained there a week or so, and came down to Beaver port, and stayed there about a week. I then came back to Pittsburgh and gave myself up to Alderman John A. Strain, a magistrate of this city.

Supreme Court Decisions.

The Supreme Court, in session in Philadelphia, has rendered decisions in the following cases from the eastern counties of this State, in addition to those already published: Kelly vs. Tibbals, Erie, affirmed; Garret & Boyd vs. Lobaugh's, Clarion, affirmed; Reifener vs. Bowman & Hiltz, Westmoreland, affirmed; Davis, appeal, Cambria, affirmed; Cambria Iron Company vs. Tomb, Indiana, affirmed; Lukehart vs. Byerly, Armstrong, reversed; Borough of Greensburg vs. Young, reversed; Rankin vs. Graham, Westmoreland, reversed; Berford vs. Mc Clung, Armstrong, affirmed; Pennsylvania Railroad Company vs. Allen, Erie, affirmed; Armstrong vs. Caldwell, Westmoreland, reversed; Fitzgerald vs. Stewart, Armstrong, affirmed; Shaffer vs. Rogers, Fayette, reversed; Kelly vs. Green, Mercer, affirmed; Agnew dissenting; Caldwell vs. Oil Creek Railroad, reversed; Gourley vs. Lusebigier, Armstrong, reversed; McClelland's executors vs. Clark, Lawrence, affirmed; Lane & Harrold vs. Teagley, Cambria, reversed; Blackstone vs. Buttermore, Fayette, affirmed.

Captured.—Several weeks ago Henry E. Miller made information before Mayor McCarthy, charging John McCarthy with assault and battery. The accused kept out of the way until Wednesday night, when he was overhauled by officers Busha and Barry. He had a partial hearing yesterday, and was committed by Deputy Mayor Morrow for a further hearing on the 17th inst.

Released the Same Night.—We mentioned yesterday morning that a man Patrick Dean had been arrested on Wednesday, on a process issued by the court. On the evening of the arrest, the prisoner found the required half, $500, and was immediately set at liberty.

Curious Levy.—Last week an Indianapolis officer levied on a pair of wild geese, the property of a delinquent debtor, and took them to the Justice's office. They have not been redeemed, and will soon be sold to pay costs.

Amusements.

THEATRE.—"The Last Hope" was repeated last evening at the Theatre to a good house. Miss Levering sustaining the principal character. Prof. Smith and his ballet troupe were the prime attraction on their second no less than on their first appearance. They were received with much applause.

OPERA HOUSE.—Dan Bryant continues to attract large audiences to the Opera House. He has entirely recovered from the indisposition under which he labored at first, and is in excellent voice and condition. "The Temptation" and "Rory O'Moore," constituted the bill last evening.

PROFESSOR BARTO.—Not for many years has so excellent a necromancer appeared in Pittsburgh as Professor Barto, who, for the last two evenings has delighted large audiences at Masonic Hall. His tricks and illusions are truly wonderful and excellent, and cannot fail to awaken the liveliest of interest. The Professor remains among us two nights longer, and all should see him. The reduced prices for tickets now leave no excuse for any one to deny himself or family the luxury of an evening in enchanted territory.

At a Meeting of the Directors of the Keystone Savings Bank, held on the 9th inst., the plan and specifications of bank building drawn by Barr & Mover was adopted. Samuel Barcley, James Gillespie and William Pickering, Jr., were appointed a Building Committee. This Bank intends erecting a magnificent building on the corner of Liberty street and Garrison alley. Any contractor wishing to bid for the erection of the building would do well to call on any of the above named gentlemen or Mr. James Robb, President.

Got Out.—On October 2d, Alderman Taylor committed to jail one Wm. Lanerwalt to await his trial for embezzlement. The charge was preferred by George Seigrist, who accused the prisoner of embezzling funds entrusted to him as an insurance agent. A true bill was found against Lanerwalt at the last term of Court, but for some reason the case was not brought to trial. Yesterday the prisoner obtained the necessary bail, $1,000, and was released.

Committed.—We have already mentioned the arrest of Benjamin Timmons, charged on oath of W. C. Armstrong, with the larceny of a barrel of molasses from the premises of Messrs. Feiger & Armstrong. The accused had a partial hearing yesterday before Deputy Mayor Morrow, and in default of five hundred dollars bail, was committed to jail to await a further hearing on the 17th inst.

For Further Hearing.—John Thompson, committed some days since by Mayor McCarthy for a hearing on a charge of assault and battery preferred against him by B. Schauf, had a partial hearing yesterday before Deputy Mayor Morrow, and was recommitted for a further hearing on the 17th inst.

Another Commitment.—Some days since J. McKenney was arrested and committed to jail on a charge of assault and battery, on oath of Robert Henry. Yesterday Acting Mayor Morrow gave a partial hearing in the case, and recommitted the accused for a further hearing on the 11th inst.

Election of officers.—At a meeting of the Stockholders of the First National Bank of Uniontown, the following gentlemen were elected directors for the ensuing year.

Jasper M. Thompson, Charles S Seaton, Sebastian Kaub, James T. Redburn, Isaac Sailer and Eleazer Robinson.

Committed for a Hearing.—John Porter, committed for a hearing on a charge of assault and battery preferred by Charles Kohlenbune days since, had a partial hearing before Acting Mayor Morrow, and was recommitted for a further hearing on the 17th of this month.

Obtained Bail.—Nicholas Dornberg, committed to jail on December 31st, to await his trial on a charge of larceny preferred against him by James Hackett, obtained bail yesterday in the sum of $200, and was released.

Chimney Afire.—The alarm of fire from box No. 2, last evening at about five o'clock, was occasioned by the burning of a chimney on Duquesne street.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, Jan. 10, 1867.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 138; Eighty-one bonds, 109; Five Twenties, old, 107; Five Twenties, '65, 105¼; Five Twenties, new, 103¾; Ten-Forties, ——; Seven Thirties, 104¾; Michigan Southern R. R., 73½; Cleveland & Pittsburgh, 88¾; Pittsburgh, Fort Wayne & Chicago, 102; Chicago & Rock Island, 102¾; Erie, Railroad, 68¼; Chicago and North Western R. R., 42¾; do preferred, 79½; Western Union Telegraph Company, 45¾.

The New York market is down heavily. Gold opened at 138½, declined to 138⅝ at 10 o'clock a. m.—stood at 138, when our noon telegrams was received. Governments are all off from ⅛ to ¾ per cent, while Railways have declined from one to three per cent. Michigan Southern off 2½. Cleveland & Pittsburgh 2¾. Fort Wayne & Chicago 1¼. Erie 3¼. Western Union Telegraph 1½. Chicago & Rock Island 1¾. Chicago & North Western, 3¾.

Our latest report from the Boston (copper) market is as follows: Copper Falls, 47@47½; Franklin, 35¾@36¾. Huron, 32¼@33. Minesota, 10@12½; National, 5 bid, 10 asked; Pewabic, 23¾ bid, 24 asked; Pittsburgh & Boston, 42@46; Quincy, 56 bid, 57 asked. Rockland (assessment paid) 8¾ bid, 9 asked.

The Pittsburgh stock market is much firmer than the eastern boards. Bank shares are especially in demand, notwithstanding a close money market, and would in the main bring better prices than previous to dividend day. We report sales of Birmingham Bridge Company at 23½—ex-dividend. Birmingham Gas at 30¾—ex-dividend. Exchange Bank at 67¾. Triumph Oil Company at 1. Columbia at 16¾.

Afternoon telegrams per Pacific & Atlantic Telegraph Company report gold 138¾.

—A dispatch from Washington says that the government is in possession of official advices from Hayana to the effect that the bonds are in high favor there, and a great demand for them in the future is predicted, should no new political trouble arise. The rumors of impending conflict of authority between the different branches of the government, and fears of future disruption, alone prevent the sale of foreign appreciation of our stocks. There are no doubts abroad of our ability to pay off the National debt. Within a year after the cessation of hostilities more than $200,000,000 have been liquidated, and yet the United States 6 per cent bonds are quoted at 72¾ in London, while consols bearing 3 per cent interest, bring over 90 in money. The difference against the American stocks is caused solely by the apprehension that the war is waged against the executive and the judiciary may ultimately result in a disruption of the government.

—There is a disposition (says the New York *Tribune*) on the part of Congress to take from the National Banks several sources of income, and until Congress adjourn there may be expected much management. The principal positions take from banks the power to issue circulation by substituting legal-tenders for the existing $300,000,000 of bank issues which will steadily grow in favor with the people, giving as it does a sup rior currency, while reducing the national taxes eighteen millions in gold per annum.

—The Chicago *Tribune* says that during the last year the total receipts of all grain show an aggregate of 91,771,250 bushels, against 55,622,923 bushels received in 1865, an increase of 16,148,327 bushels, or a little over twenty-six per cent. Flour shows an increase of 670,239 barrels, nearly fifty-seven per cent. The receipts of wheat are 2,495,577 bushels greater than in 1865. As compared with 1866, the movement in corn shows an increase of 8,969,393 bushels, or over thirty-three per cent. Oats show a falling off of 289,379 bushels, or not quite three per cent. The increase in the receipts of rye is nearly seventy per cent. Barley shows a falling of about 50,000 bushels as compared with 1865.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, January 10, 1867.

CATTLE

The receipts of cattle were again large this week, but with a good shipping demand, the market ruled steady, notwithstanding the advices from New York were of an unfavorable character. The quality of the offerings was about up the usual average, and while there were but few if any extra cattle, the bulk of those in the pens were of pretty good quality, and in good condition, though, as always is the case, there were quite a number of common and inferior cattle on sale. The highest price reported this week is 8 cents, against 9 last week, but we presume that there is not almost that difference in the quality of the cattle, and there is but little doubt but what the same grade of cattle would have brought 8¼ this week. Good to prime cattle, suitable for retailing in the eastern markets, sold at from 6¾ to 7¼@7¾, while common cannot be quoted above 5¾@6. There was a very good attendance of buyers this week, Philadelphia, as is generally the case, being largely represented, but they operated apparently reluctantly, and seemed loth to pay the prices demanded, though they could not help themselves.

HOGS

The transactions in this class of stock were again large this week, and while the market was fairly active and steady, prices have not varied much. As will be seen by reference, prices range all the way from 5,50@6,50, gross for light to prime heavy averages, though to-day the tendency was downward, and buyers were asking for concessions, in consequence of reported unfavorable advices from the east. We give 6 to 6¼ as the best figures offering to-day for fair to prime averages, and 5,35 to 6,40 for the privilege of "fishing" and these may be regarded as the extremes of the market. Our packers appear to have stopped buying, Messrs. Myers & Co., we believe, being the only firm that has bought any since our last report. Gelbreath & Co. report having bought 1200 head during the week at 6,05 to 6,40. Singer & Imhoff, 550 at 6,12 to 6,40. Orr & Mace, 271 at 6,05 to 6,12½. Tabor & Co. 500 at 5,90 to 6,25. Hedges, 300 at an average of 6. Glass & Lafferty sold 221 head of extra at 6,40 to 6,50.

SHEEP.

The arrivals of Sheep have been larger this week than for several weeks past, but with an improved demand, the market ruled steady and prices, compared with last week, are pretty well maintained, notwithstanding the increased arrivals. Hemer & Co. report having bought 18 car loads at prices ranging all the way from 6¾ per head to 6¾ per pound, gross. Glass & Lafferty sold 253 head common at 4¾; Rawl bought 195 head, averaging 90 lbs, at 5,65. Hedges & Co. bought 400 head at an average of 5,85; and Deltrich & Co. 756 head, ranging from 5,60 to 5,75.

New York Dry Goods Market.

NEW YORK, January 10.—No change is noticeable in the trade. Business is still inactive. Prices are steady and firm for cotton. Woolen fabrics quiet, except where offered at less than cost of production.

FOUR P. M.—There is a limited inquiry for seasonable goods, although there is scarcely enough doing to impart any animation to the market, but as prices are already exceedingly low, and as the production has been materially checked, there is more confidence than before that they will go no lower as the trade commences to purchase more freely. Prints in new styles find a ready sale. The agents prices are as follows: Allens, 17; American, 17½; Spragues, 18½; Cocheco, 19; Pacific, 18; Merrimac D, 19; Merrimac W, 21; Arnolds, 15½. Standard Brown sheetings are saleable but less active, perhaps, at 21c for Atlantic A, 22c for Pacific Extra, Appleton and Indian Head, and 21½c for Lawrence C. Bleached Muslins of good brands are selling steadily at 27½ for New York Mills, 32½c for Wamsutta, and 30c for Tuscarora.

PITTSBURGH BARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, January 10, 1867.

There is really nothing that is new to be said about the produce markets. The demand for the leading commodities continues to be restricted almost wholly to supplying the immediate wants of the jobbing trade, and this being the case, there are but very few round lots operations to record.

GROCERIES—Rio Coffee is quiet but steady with regular jobbing sales at 23 to 25, for fair to strictly prime. Sugars a shade firmer in the east, but unchanged here; Cubs at 11½ to 12; Porto Rico, 12¾ to 13; Crushed, Powdered and Granulated, 16; "A" Coffee, 15; "B" do, 14½; C Extra, 14¼. Porto Rico Molasses, 70 to 82, according to quality. Carolina Rice, 10½ to 11. Teas unchanged.

GRAIN—Wheat is quiet, but held firmly at $2,80 for No. 1 Spring, and $2,85 to $2,90 for Winter. Barley is very dull and prices are nominal at 85 to 90 for Spring. Oats in good supply and a little dull but unchanged; may be quoted at 48 to 50, on track, and 52 to 55 in store. Corn is selling at 75 on track, and 80 in store. Sale of 115 bush Penna. Rye at $1,25, and 200 do do at $1,20.

FLOUR—There is a slight improvement, apparently, in the demand, and while the market is firmer prices are not quotably higher. We continue to quote at $12 to 14 for small lots of choice Spring brands in store; $13½ to $14½ for Winter Wheat, and $15 to $17 for fancy brands. We have a sale of 200 barrels Spring at $12,15, 100 of which was A. Milwaukie and 25 bbls "Pacific" a fancy brand, at $16. Rye Flour is selling at $8 to $8¾. Buckwheat is still and drooping, being offered freely at $3,50 to $4 per cwt.

DRESSED HOGS—Are selling at 7½ to 8 for fair to good averages—8¼ to 8½ in a retail way. Live Hogs steady with sales at 6¾ to 7, on arrival. Yards at 6 6¾—6,35 to 6,40 for extra heavy.

SEEDS—Flaxseed is in steady demand at $2,80. Clover seed may be quoted at $8 to 9, according to quality. Timothy is selling at $3, and demand very light.

EGGS—Dull and neglected but unchanged, sales at 20 for limed and 28 to 30 for fresh packed.

BUTTER—Is dull but unchanged—receipts have been ample to supply excess of the demand; fair to prime fresh Roll may be quoted at 28 to 32.

DRIED FRUIT—Dull but unchanged; small sales in store at 8 to 10 for Apples, and 16 to 20 for Peaches—quarters and halves.

POTATOES—Continue dull but unchanged, small sales of Peach Blows in store, at 90c per bushel.

HAY—There is no improvement to note in the demand, but the arrivals are beginning to fall off. Prime baled may be quoted at $25, and common at $20 to $22.

MILL FEED—Sale of 5 tons Middlings—taken by a distiller—at $2. Shorts may be quoted at $1,15 to $1,20; Seconds, $1,40 to $1,50; and Oilmeal at $2,20 to $2,25.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, January 8, 1867.

CRUDE—There was not a single operation in Crude to-day that we could hear of, and in the absence of which, we continue to quote at 8½ to 9, on the spot, bbls returned, and 13½ to 14, packages included, while for spring delivery, 9c is the asking price, and 8 to 7½ is offered. Sugars a shade firmer in the east, but unchanged here; Cubs at 11½ to 12; Porto Rico, 12¾ to 13; Crushed, Powdered and Granulated, 16; "A" Coffee, 15; "B" do, 14½; C Extra, 14¼. The Underwriter was alongside yesterday pumping her out, and carpenters were preparing to mend the hole
